Clerk

JUNE, NINETEEN SIXTY-ONE

**LAW REGULATING
THE PRACTICE OF MEDICINE
IN MARYLAND**

**ANNOTATED CODE OF THE PUBLIC GENERAL LAWS OF MARYLAND
(1957 EDITION AND 1961 SUPPLEMENT).**

TITLE "HEALTH"

ARTICLE 43

Sections 119 to 149, inclusive

PRACTITIONERS OF MEDICINE

119. All persons now practicing medicine and surgery, or who shall hereafter begin to practice medicine and surgery in any of their departments in the State of Maryland, shall possess the qualifications required by this sub-title.

120. From and after June 1, 1957 there shall be one board of medical examiners for the State of Maryland. The Board of Medical Examiners for the State of Maryland, selected by The Medical and Chirurgical Faculty of Maryland, shall continue after June 1, 1957, as constituted on that date, with each member serving for the remainder of the time for which selected. The Board shall consist of eight members, who shall be selected by the Medical and Chirurgical Faculty of the State of Maryland at the annual meeting of said Faculty; and each appointee is immediately after his selection to be furnished with a certificate thereof by the Faculty. Each such member of said Board shall serve for four years, or until his successor is selected and qualified. Two examiners shall be selected by the Faculty in each year, to serve for a term of four years or until their successors are selected and qualified, the outgoing members to be eligible for re-election. The terms

of office of all members so selected shall begin on the first day in June, in the year in which they shall be respectively selected; the Board is to have the exclusive right to examine, pass upon the qualifications of and license applicants for the practice of medicine or surgery in the State of Maryland. The examiners shall be physicians actually engaged in the practice of medicine or surgery in the State of Maryland, and of recognized ability and integrity. In case of a vacancy occurring on the Board it shall fill the same until the next annual meeting of the Medical and Chirurgical Faculty, when said Faculty shall select an examiner to serve for the remainder of such unexpired term. The Governor shall, after reasonable notice and opportunity for hearing, have the power to remove any member of the Board for any of the following causes: misconduct in office, incompetency, immorality, wilful neglect of duty or any cause which is a ground for revocation of a license to practice medicine and surgery in this State.

121. The Board shall, at its meeting on the first Tuesday in June of each year, appoint one of its members as secretary-treasurer for the Board, whose term of office shall last for one year, and who shall be eligible for re-appointment, and whose duties shall be as follows: Within sixty days from the time of his appointment such secretary-treasurer shall request the Clerk of the Circuit Court of Baltimore City and the Clerk of the Circuit Court for each county in the State to furnish said secretary-treasurer of the Board a list of all physicians who have been legally registered in such court during the last twelve months and said Clerks shall furnish such lists upon request and the same shall be retained as official records of such Board. He shall see that all physicians who have been registered, and are not entitled to be registered under this sub-title be presented for prosecution to the State's Attorney of the City of Baltimore, and of each county in the State in which the persons so charged, respectively, reside. The secretary-treasurer shall keep the official records of the Board, as provided for in Section 122 of this sub-title, the examination papers of applicants for at least three years, after they have been passed upon by the Board, after which they may be destroyed, and a complete list of all registered physicians in the entire State. He shall call to the attention of the State's Attorney of Baltimore City and of the different counties throughout the State all violations of the law under this sub-title. He shall collect and hold all moneys belonging to the Board, for which he shall give bond to the State of Maryland in the sum of \$5,000 the same to be held by the State Comptroller, the

premium for which bond shall be paid from the funds of said Board. He shall receive from the income of the Board such salary as the Board may determine.

122. The Board of Medical Examiners shall meet on the first Tuesday in June in each year for the purpose of organization. At said meeting of said Board it shall effect an organization by the election from its own membership of a president and a vice-president, and shall also appoint a secretary-treasurer, as otherwise provided in this sub-title. For the purpose of examining applicants for license, the Board of Medical Examiners shall hold one or more stated or special meetings in each year, due notice of which shall be made public at such time and places as may be determined by the members thereof. At said stated or special meeting a majority of the members of the Board shall constitute a quorum thereof. The Board of Medical Examiners shall keep an official register of all applicants for examination for a license to practice medicine and surgery in this State; said register for licenses shall show the name, age and last place of residence of each candidate, the school from which he or she may have graduated, and whether such applicant was rejected or licensed under this sub-title; but such matters shall not be written in said register or made public until after the examination.

123. At the first meeting of the Board, or at a stated or special meeting held subsequently, suitable provision shall be made by the Board to prepare a schedule of examination upon anatomy, physiology, medical chemistry, surgery, practice of medicine, therapeutics and pharmacology, obstetrics, pathology, and bacteriology, and the same standard of excellence shall be required from all candidates.

124. Before any person shall commence the practice of medicine or surgery in any of their branches, he shall make a written application for license to the Board of Medical Examiners, accompanied by satisfactory proof that the applicant is more than twenty-one years of age, is of good moral character and has received a diploma conferring the degree of doctor of medicine from some legally incorporated medical college in the United States or some foreign country; said diploma, if from a college in the United States, must have been conferred by a legally incorporated college having entrance requirements, standard of education, and requirements for graduation as defined by the Association of American Medical Colleges or the Council on Medical Edu-

cation and Hospitals of the American Medical Association; and if from a college in a foreign country, the entrance requirements, standard of education, and requirements for graduation shall be equivalent to the standard defined by the Association of American Medical Colleges or the Council on Medical Education and Hospitals of the American Medical Association. The Board, if satisfied with the application filed, shall direct the secretary-treasurer thereof to issue to said applicant an order for examination, and when said applicant shall have passed an examination as to proficiency satisfactory to said Board the president thereof shall grant to such applicant a license to practice medicine and surgery in the State of Maryland. If the Board of Medical Examiners shall have refused any application, either for want of the qualifications necessary to entitle such applicant to an examination, as hereinbefore provided, or for want of proficiency of such applicant upon being subjected to an examination, then the Board shall not entertain or pass upon a subsequent application from said applicant until after the expiration of six months from the rejection of said previous application. The Board is authorized to license without examination applicants who present proper certificates of proficiency and professional standing at the time of application issued by the National Board of Medical Examiners or boards of medical examiners of the District of Columbia and of other States, the requirements of which are of as high a standard as those governing the Board of Medical Examiners of this State; provided such boards of such States or District grant the same privileges to licentiates of the examining board of Maryland; such applicants, however, from the National Board and the District of Columbia and other States still being required to furnish the same proof of qualifications required of other applicants by this section. The Board may, in its discretion, grant a license upon a special examination to a physician or surgeon from another State, the District of Columbia, or a foreign country, provided the applicant has met all the preliminary and professional qualifications required for obtaining a license by examination in this State, has been in reputable practice for a period of ten years, and has reached a position of conceded eminence and authority in his profession. Medical students, at the end of their second year of study, who have, as verified by the certificate of the dean of the college which they have attended, completed the studies of anatomy, physiology, bacteriology and medical chemistry in said college, shall on suitable application approved by the Board be examined in such studies by the State licensing board, the result of said

examination to be considered as a part of the final examination, the full regular fee to be paid at this time, no part thereof to be returned, but placed to their credit for the remainder of the examination yet to be taken. Medical students who have, as verified by the certificate of the dean of the college which they have attended, completed a full four years' course of studies and lectures, but who have not yet received their diplomas, shall upon suitable application approved by the Board be examined in all the branches enumerated in Section 123 of this Article by the State licensing board, the final certificate and license of the said Board being withheld until the diploma of the proper medical college, with the candidate's name inscribed, be, presented to the secretary of the Board.

125. All examinations shall be conducted in such manner that the name, school of graduation and preparatory training of said applicant shall not be made known to the Board of Examiners until his examination papers have been graded. An applicant who receives the required grade as set by the Board shall be entitled to the license of the Board.

126. A fee of Fifty Dollars shall be paid to the secretary-treasurer of the Board, before such examination is had, which payment shall entitle said applicant to a second examination, in case of failure, at the expiration of six months and within twelve months thereafter.

127. The Board shall refuse to grant a license to any applicant who shall fail to obtain the required grade as set by the Board in his examination in any essential branch; provided, that in any case of failure at any such examination, the candidate shall not be permitted to take another examination before the Board until after the expiration of six months from the date of his rejection; provided, however, that any applicant who has heretofore or who shall hereafter so fail, shall be credited as having passed in such branches as he has or shall have been found proficient in, and he shall not be again examined in said subjects.

128. Every license to practice medicine and surgery, issued pursuant to the provisions of this sub-title, shall be subscribed by the president and secretary of the Board; it shall also have affixed to it by the person authorized to affix the same, the seal of the Medical and Chirurgical Faculty of Maryland; every such license to be in the following form and to the following effect:

To all whom it may concern, greeting:

Be it known, that _____ on the _____
_____ day of _____ A. D., having offered us
satisfactory proof that _____ was more than twenty-one
years of age, and had received a proper preliminary educa-
tion; we therefore gave a written order for the exam-
ination of said _____ before the Board of
Medical Examiners of the State of Maryland; that the said
_____ was fully examined before our said
Board and found proficient and qualified to practice medicine
and surgery: we, therefore, have granted to said _____
_____ this our license to practice medicine and surgery in
the State of Maryland as a physician and surgeon, and have
caused the names of the president and secretary of our Board
to be subscribed and the seal of our society affixed hereto.

Witness our hands and the seal of our said Faculty, this
_____ day of _____, A. D.

President;, _____, Secretary.
(Seal of Faculty)

→ 129. Any person receiving a license from the Board before
commencing the practice of medicine and surgery in this
State shall file the same with the Clerk of the Circuit Court
of the county in which he or she may reside, or with the Clerk
of the Circuit Court of Baltimore City, if said person shall re-
side therein, and it shall be the duty of said Clerk to record
said license in full, together with the home address in such
county or city of such licensee, in a book kept for the purpose,
as a part of the records of his office; and the number of the
book and the page therein containing said recorded copy shall
be noted by said Clerk upon the face of said license and such
Clerk shall promptly forward notice of said filing to the
Board. In case said person should, after the recording of
such license, permanently remove his or her residence, to
some other county of the State, or to Baltimore City, he or
she shall thereupon at once file said license, or certified copy
thereof, for record as aforesaid, with the Clerk of the Circuit
Court of the county or city to which he or she shall have so
removed; said record shall be open to public inspection under

proper restrictions as to their safe keeping, and in all legal proceedings shall have the same weight as evidence that is given to the records of conveyances of land. The fees for such recordation shall be Two Dollars (\$2.00), to be paid by the person whose license is registered.

129A. Every person holding a license to practice medicine and surgery in the State of Maryland is required to register as in this section provided. The first registration is required before October 1, 1960, and succeeding registrations are required at three-year intervals thereafter. Each registration shall include the person's name, license number, school of medicine of which he is a graduate, year of graduation, office address, telephone number, and whether or not he is in active practice. The registration shall be made on a form to be prescribed by the Board, and must be accompanied by a fee of five dollars (\$5.00). The Board shall issue a certificate of registration to each person who registers as herein required. Failure to register as in this section provided is a misdemeanor, to be punished upon conviction by a fine not to exceed twenty-five dollars (\$25.00).

130. Any person to whom the provisions of this sub-title apply, practicing or attempting to practice medicine or surgery in this State, without first having obtained the license of the Board of Medical Examiners, shall be guilty of a misdemeanor, and shall pay a fine of not less than One Hundred Dollars nor more than Five Thousand Dollars for each offense, or be sentenced to confinement in the House of Correction for not less than one nor more than three years or both, and shall be debarred from recovering compensation for services rendered as such physician or surgeon.

131. The Board shall make a report to the Medical and Chirurgical Faculty of Maryland at each annual meeting of said Faculty.

132. Said Board shall upon request issue certificates of professional standing to physicians moving out of the State.

133. From and after the first day of June, 1957, no person shall practice medicine or surgery in the State of Maryland, unless he or she shall be duly registered as a physician or surgeon, in accordance with the provisions of this sub-title of this Article.

134. All persons who shall hereafter commence to practice medicine or surgery in this State, shall not be entitled to be

registered in the registry of physicians and surgeons, as required by law, except upon filing with the Clerk of the Circuit Court of the county or city in which he or she shall reside, a license from the duly constituted Board of Medical Examiners of this State, in accordance with the terms of Sections 128 and 129.

135. All persons whose licenses have been heretofore filed and recorded in accordance with section 129 shall be held to be duly registered physicians and surgeons within the provisions of section 132, (1951 Code), and all persons who shall hereafter receive and file licenses, to be recorded in accordance with said section 129, shall be registered as physicians and surgeons under said section, and the fee to be paid for such registration and for the registration of the application to the clerk, or the license therewith, as the case may require, shall be one dollar.

136. If any person shall unlawfully obtain and procure himself to be registered as physician or surgeon, either by false and untrue statement contained in his application to the Clerk of the court, as required by this sub-title, or by presenting to said Clerk a false or untrue license, or one fraudulently obtained by false and fraudulent statements made to the Board of Medical Examiners, he or she shall be deemed guilty of a misdemeanor, and shall be fined not less than One Hundred Dollars nor more than One Thousand Dollars, or be sentenced to confinement in the House of Correction for not less than one nor more than three years, or both, and shall forfeit all rights, privileges and immunities obtained or conferred upon him by virtue of such registration as physician or surgeon.

137. Any person who after the first day of July, 1894, shall practice or attempt to practice medicine or surgery in this State, without being registered in accordance with the provisions of this sub-title, shall be guilty of a misdemeanor, and shall be fined not less than ten dollars nor more than two hundred dollars for each offense.

138. The Attorney General, or the State's Attorney of any county, or the City of Baltimore, on his own initiative or on the complaint of any citizen of Maryland having information which causes him to believe that any person has been wrongfully and improperly registered as physician or surgeon, or both, upon application to the Clerk of any court may apply, by petition, to the Circuit Court of the county wherein such registration was made, or to the Baltimore City Court, if

such registration was in Baltimore City for an order to strike the name of such person from the registry of physicians or surgeons. The petition shall be under oath, and shall state that the petitioner is informed and believes that the person named therein has been improperly and wrongfully registered as physician or surgeon, or both, that such person is wrongfully and improperly registered in the State of Maryland as a duly qualified practitioner of medicine, stating in brief the reasons therefor; and that said petitioner prays that the name of such person shall be stricken from the registry of physicians aforesaid. Upon the filing of such petition the Court or one of the Judges thereof shall pass an order requiring the person therein alleged to be wrongfully or improperly registered to answer the same, under oath, on or before a date to be named within thirty days from the date of such order, and to show cause, if any there be, why the prayer of such petition should not be granted, which order shall be served upon said last named person, if within the State, or, if without the State, by publication as provided in Section 160 of Article 16 of this (1951) Code respecting equity causes. If said petition shall not be answered within the time named, as aforesaid, then the Court shall proceed to hear said cause as on default and, if the facts alleged in said petition are proved, said Court shall pass an order directing that the name of such person alleged to be wrongfully or improperly registered be stricken from the registry of physicians or surgeons where the same shall have been registered; but if said petition shall be answered by the defendant, being the person against whom it is exhibited, by an answer under oath, fairly and fully denying the allegations of said petition, the issues thus raised shall be heard and determined by the Court, and either party may be entitled to a jury trial before a jury of the regular panel empanelled to try common law cases in said Court and the defendant shall be competent but not compellable to testify at such hearing, and upon such hearing the Court shall render judgment, and where proper shall pass an order directing the name of said defendant to be stricken from the registry of physicians or surgeons, or both, which order shall be certified to the Clerk of the Court wherein said defendant was registered, and he shall thereupon strike such name from said registry and notify the Board of Medical Examiners of such action. The decision upon such petition shall not be a bar to any criminal prosecution under this sub-title.

139. Any person shall be regarded as practicing medicine within the meaning of this sub-title who shall append to his or her name the words or letters "Dr.", "Doctor", "M.D.", or

any other title in connection with his name, with the intent thereby to imply that he or she is engaged in the art or science of healing, or in the practice of medicine in any of its branches. Any person who practices medicine or the art or science of healing shall be considered as a practitioner of medicine or surgery. As used herein the phrase "art or science of healing" and the phrase "practice of medicine" shall be construed to include: Operating on, professing to heal, prescribing for or otherwise diagnosing or treating any physical or mental ailment or supposed ailment of another; or for hire or gratuity or compensation, either directly or indirectly paid, undertaking by appliance, operation or treatment of whatever nature, to cure, heal, diagnose or treat any bodily or mental ailment or supposed ailment of another; or for hire, gratuity or compensation, either directly or indirectly paid, by or for any patient, undertaking to treat, heal, cure, drive away or remove any physical or mental ailment, or supposed ailment of another, by mental or other process, exercised or invoked on the part of either the medical practitioner or the patient or both. Nothing herein contained shall be construed to apply to gratuitous services, nor to any resident or assistant resident physicians or interns or students at hospitals in the discharge of their hospital or dispensary duties, or in the office of physicians, or to any physician or surgeon from another State, territory or district in which he resides when in actual consultation with a legal practitioner of this State; or to commissioned surgeons of the United States Army, or Navy, or United States Public Service Hospitals and Veterans Administration Hospitals, or to opticians or masseurs, or other manual manipulators who use no other means, or to the following which are provided for in other sections of this article hereinafter indicated: midwives, sections 82-94; optometrists, sections 368-386; osteopaths, sections 467-480; chiropodists, sections 481-494; chiropractors, sections 499-514; physical therapists, sections 604-614; nor shall the provisions of this sub-title apply to physicians or surgeons residing on the borders of a neighboring State, and duly authorized under the laws thereof to practice medicine or surgery therein, whose practice extends into the limits of this State; provided, that such practitioners shall not open an office or appoint places to meet their patients or receive calls within the limits of this State without complying with the provisions of this sub-title; provided, that the same privileges be accorded to licensed physicians of this State; provided, further, that nothing in this sub-title shall annul any of the provisions of Article 32, title, "Dentistry", nor shall apply to any registered graduate of

dental surgery now practicing in the said State of Maryland, with the sign title: Dentist, surgeon dentist, dental surgeon or stomatologist; and provided, further, that nothing herein contained shall be so construed as to prevent or in any way make unlawful or interfere with the sale of manufacturing, wholesale or retail druggists, or any person dealing in drugs or medicines of any proprietary or patent medicine or any official or standard drug or medicine; provided further, that nothing herein contained shall be construed to repeal or in any manner affect the provisions of Section 140 of this Article, relating to certain Christian Science practitioners.

140. Nothing in this sub-title or elsewhere in the laws of Maryland shall prevent any Christian Science Practitioner duly registered in the Christian Science Journal of the Christian Science Publishing Society, Boston, Massachusetts, from treating human ills in accordance with the tenets of Christian Science or from making an adequate charge for services performed.

141. It shall be the duty of the police commissioner of Baltimore City, and of the sheriff of each county in the State, to see that all practicing physicians in the State shall be legally registered according to the provisions of this sub-title, and to report to the State's Attorney of the city or county all cases of the violation of the provisions of this sub-title.

142. It shall be the duty of the secretary-treasurer of the Board of Medical Examiners to inquire into all violations of law under this Article and to institute all proceedings or prosecutions thereof, and all expenses incurred by any secretary-treasurer hereunder shall be allowed and paid out of the funds acquired by or belonging to the Board.

143. The said Board of Medical Examiners shall fix and allow such compensation as they may deem proper for service rendered in the performance of the duties required by this sub-title by members of said Board or others, with the full power also to allow and discharge all proper expenses of said Board.

144. Any person practicing or attempting to practice medicine under the name of any other person, whether that person be a resident of this State or not, or whether he or she be deceased or not, or any person acting under the name of and as agent of any other person, in the capacity of a practitioner of medicine or surgery, shall be guilty of a misde-

meanor, and upon conviction by any court having criminal jurisdiction shall be punished by a fine of not less than One Hundred Dollars nor more than Five Thousand Dollars or by confinement in the House of Correction for not less than one nor more than three years, or both, in the discretion of the court, for each offense.

145. The Board of Medical Examiners of this State may, by a vote of five members, revoke any license which has been issued, and may cause the name of any physician so licensed to be removed from the register of the licentiates of the city or county where it may be recorded for any of the following causes, to wit: The use of fraud or deception in obtaining the license provided in this sub-title, habitual drunkenness, insanity as determined in accordance with the provisions of Article 59, addiction to narcotics, criminal abortion, conviction of crime involving moral turpitude or unprofessional or dishonorable conduct; provided that any revocation proceedings before the Board of Medical Examiners selected by the Medical and Chirurgical Faculty heretofore adjudicated shall not be revived by reason of the provisions hereof. Before proceeding to revoke any such license, the person against whom complaint is made shall be furnished with a copy of the complaint and charges made against him, and shall be given an opportunity for a hearing before the Board, in person or by attorney, and at such hearing testimony may be offered for and against the person so charged. The action of the Board shall be reduced to writing, stating also the reasons for said action, and a copy thereof shall be delivered or mailed to the person against whom complaint is made; within sixty days after said notice of revocation of license shall have been delivered or mailed to any person said party shall have the right of appeal to the Circuit Court of the city or county wherein he may reside or where the license is recorded, the judge or judges of which said court shall fully hear and determine all matters connected with the action of said Board from which appeal is taken. Both the party and Board shall have a further right of appeal from the decision of the Circuit Court to the Court of Appeals of Maryland, subject generally to the time and manner provided for the taking of such appeals to the Court of Appeals. Should no such appeal be taken or should said appeal result in the affirmation of the action of said Board, the Clerk of the Circuit Court or courts where said license so revoked shall have been recorded shall, upon due notice from the secretary-treasurer of said Board, strike off the name of said party from the list of licensed practitioners recorded upon

said register. At any time within two years from the revocation of any license, the Board revoking the same may, by a vote of five members, issue without examination a new license to the person whose license was so revoked; but after the expiration of two years such person can obtain a new license only by compliance with the same requirements which are imposed on other applicants for licenses under this subtitle.

146. All advertising by all persons practicing medicine and surgery in this State is prohibited except the following:

(a) A physician or surgeon may use a personal professional card of not more than $3\frac{1}{2}$ " x 2", upon which may be printed only his name, title, address, specialty, telephone number and office hours.

(b) Removal notices may be mailed by any physician or surgeon notifying any bona fide patient of said physician or surgeon that he is removing his offices from his present address to the address set forth on said notice. Such notice shall not be more than 5" x 7" and may only contain the name, title, specialty, telephone number, office hours and new address and old address.

(c) Each physician or surgeon may exhibit on the door or wall of the building wherein he practices not more than two signs on which may be placed the name and title or degree of such person, and his specialty, the letters of which shall not exceed three inches square. In addition he may exhibit such sign on the door of his office in addition to those on the door or wall of such building.

147. Any person practicing medicine or surgery who shall solicit or advertise by mail, card, newspaper, pamphlet, radio or otherwise to the general public, except as set out in Section 146, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than \$50.00 nor more than \$300.00 for each offense. Provided, however, that notice by mail to bona fide patients of times for periodic examinations shall not be construed as soliciting or advertising.

148. A violation of the provisions of Sections 146 or 147 shall constitute unprofessional conduct and the license of any physician or surgeon guilty of such violation shall be subject to revocation as set out in Section 145 of this Article.

149. (a) Written or telegraphic consent for a doctor of medicine to conduct a post-mortem examination of the body

of a deceased person shall be deemed sufficient when given by whichever one of the following assumes custody of the body for purposes of burial: Father, mother, husband, wife, child, guardian, next of kin, or in absence of any of the foregoing, a person who assumes the duty of legal disposal of the body. If two or more of such persons assume custody of the body, consent of one of them shall be deemed sufficient.

(b) Any person who is twenty-one (21) years of age or older and of sound mind may execute an instrument in writing as provided in sub-section (e) herein, duly notarized, which provides for the post-mortem examination of his body or the removal of tissue or organs of his body for transplantation to the body of a living person by a doctor of medicine within the definition set out by subsection (c) herein. This instrument shall be sufficient authority, when presented to said doctor of medicine to authorize the post-mortem examination of the body or the removal of tissue or organs from the body of the person executing the instrument. The disposition of said body or portion thereof may be made only for the purpose of advancement of medical science or for the replacement or rehabilitation of the tissues or organs of another person. Any authorization or instrument executed under the terms or provisions of this Act shall be null and void if obtained for a monetary consideration.

(c) A doctor of medicine authorized by this Act shall be a duly licensed doctor of medicine associated with or authorized by a "hospital" or "person" as defined by Section 556 of Article 43 and licensed by the State Board of Health or authorized to act by a Federal, State, County, or Baltimore City Agency.

(d) Any person providing for the disposition of portions of his body thereof pursuant to subsection (b) above shall have the right and authority to revoke such disposition by actual notice. The holder of the original instrument shall be protected in exercising the authority of said instrument unless it can be clearly shown that actual notice of revocation was received by the holder of the instrument prior to exercising the authority contained in the original instrument. The original instrument shall be transferable to another holder with authority to act only upon notice by the transferor to the maker of the original instrument.

(e) The instrument authorizing post-mortem examination and study or the removal of tissue or organs shall conform substantially to the following forms:

Certificate of Authorization for Post-mortem Study and
Examination or Removal of Tissues or Organs

I, the undersigned, this _____ day of _____ 19____,
desiring that my _____ be made available
after my demise for:

- a. Medical Education and Research, and/or
- b. Transplantation to the body of a named person if living
at the time of my demise, and/or
- c. The replacement or rehabilitation of the tissues or organs
of any living person who could benefit therefrom;

Do hereby donate my _____ for said purpose
to: _____
(Name of person or organization) Address

I hereby authorize a doctor of medicine or the State Ana-
tomy Board to remove and preserve for use my _____
_____ for said purpose.

Witnessed this _____ day _____ of _____ 19____

his act and deed.

(Seal)

(Notary public)

(f) The authority may be granted under the terms of this
act to a doctor of medicine as defined herein for the use of the
entire body of any person for medical education, research and
study in the same manner and form as provided by the previous
sections; except that the authority granted by an instrument
for this purpose may be revoked by actual notice to the holder

of the body within seventy-two hours after death by a parent, spouse, child, brother or sister of the deceased.

(g) Nothing in this Act shall invalidate any authority or instrument executed prior to the effective date of this Act.

(Effective June 1, 1961).

MISCELLANEOUS PROVISIONS RELATING TO DRUG ADDICTION

ARTICLE 27—HEALTH NARCOTIC DRUGS

293. (a) On the conviction of any person of the violation of any provision of this sub-title, a copy of the judgment and sentence, and of the opinion of the court or magistrate, if any opinion be filed, shall be sent by the clerk of the court, or by the magistrate, to the board or officer if any, by whom the convicted defendant has been licensed or registered to practice his profession or to carry on his business. And such board or officer shall have the power to revoke such license or registration. A duplicate copy of the judgment and sentence and opinion, if any opinion be filed, shall be sent to the State Department of Health.

(b) Any physician, dentist, pharmacist or veterinarian or any other individual or group who may be licensed to dispense drugs who is or shall have become addicted to the drug habit shall either have his license suspended or revoked by the board under which he has been licensed. The Board shall have authority to suspend the execution of the order of suspension or revocation and place the licensee on probation upon the condition that another licensed physician, dentist, pharmacist or veterinarian, as the case may be, shall be responsible for such licensee and report to the board at such times as the board shall require and on such further conditions as the board shall direct, until such time as such physician, dentist, pharmacist or veterinarian shall offer satisfactory proof to the State Board of Health of having become cured of such habit. Upon any relapse from any such cure the license of such physician, dentist, pharmacist or veterinarian shall become permanently revoked by the board under which he has been licensed.

BOARD OF MEDICAL EXAMINERS OF MARYLAND
1211 CATHEDRAL STREET
BALTIMORE 1, MARYLAND

August 6, 1963

TO CLERKS OF CIRCUIT COURTS
OF THE STATE OF MARYLAND:

Gentlemen:

It has come to our attention that an illegally licensed person was registered in one of the courts of the state of Maryland. This individual possessed a license issued to him by Robert D. Brown and Robert H. Reddick, M.D. Dr. Reddick was the Secretary of the "Rump" Homeopathic Medical Board and he served a term in the Maryland Penitentiary for placing a Maryland seal on an illegal document (medical license).

We, therefore, urge you not to register a Maryland Medical License in your court unless the physician has complied with the Triennial Registration Law which became effective June 1, 1960, and presents to you a Triennial Renewal Certificate issued by the Board of Medical Examiners of Maryland. This law requires all physicians who wish to keep their Maryland Medical License active and in good standing to register it with the Board of Medical Examiners of Maryland on or before October 1, of the Triennial Registration year.

If you wish any further clarification concerning the above, please let us know as soon as possible.

Sincerely yours,

Frank K. Morris

Frank K. Morris, M.D.

Board of Medical Examiners of Maryland
1211 Cathedral Street
Baltimore, Maryland 21201

February 5, 1969

Nicholas Paul Foris, M.D.
1740 Edgewood Hill Circle
Apartment 102
Hagerstown, Maryland 21740

Dear Dr. Foris:

We are returning to you herewith your check in the amount of \$15.00, and forwarding three certified copies of your original Maryland medical license.

The fee of \$15.00 is charged for issuing a duplicate license if the original is reported lost. Since you now hold your original license, a duplicate cannot be issued to you. Therefore, enclosed you will find three certified copies of the small license form.

We trust these will serve the purpose indicated in your letter of January 30, 1969.

Sincerely yours,

Elmer G. Linhardt, M.D.

4/17/960 Receipt
Circuit Court

BOARD OF MEDICAL EXAMINERS OF MARYLAND

Baltimore 1, Maryland

The accompanying license must be registered in the Circuit Court of the county in which you may reside, or in the office of the Clerk of the Circuit Court of Baltimore City if you intend to reside in Baltimore City, in accordance with Section 127, Article 43 of the Annotated Code of Maryland.

REGISTRATION IN THE COURT IS ESSENTIAL TO LEGALIZE PRACTICE

For Narcotic Permit apply to the Director of Internal Revenue, Miscellaneous Tax Division, Custom House, Baltimore 2, Maryland.

If you intend to practice in Baltimore, register with the Health Commissioner of Baltimore City. This registration with the Health Department is required by City Ordinance and State Law.

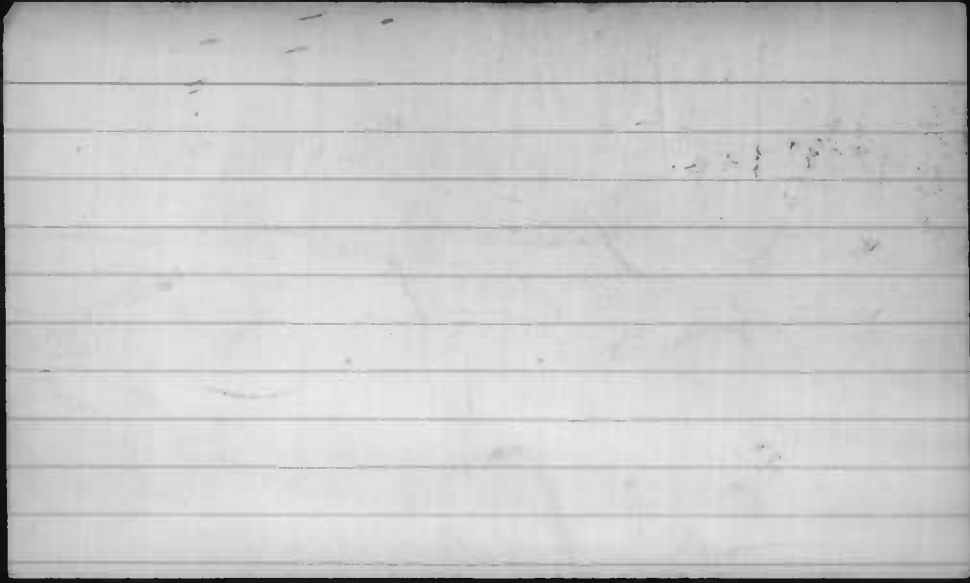

You should also call on the County Health Officer if you plan to practice in one of the counties other than Baltimore City.

DO NOT FRAME LICENSE BEFORE IT IS REGISTERED WITH THE CLERK OF THE CIRCUIT COURT AS IT IS NECESSARY FOR HIM TO INDICATE ON THE FACE OF THE LICENSE WHERE IT IS RECORDED, THE NUMBER OF THE BOOK AND PAGE.

DO NOT LOSE YOUR LICENSE

Submit Name, Address and Date of Registry
of each Physician to

Mr. G. Merlin Snyder, Clerk,
Circuit Court for Washington Co.,
Hagerstown, Md.

Dear Mr. Snyder:

VERY IMPORTANT

It is believed that more void Homeopathic Medical Licenses have been issued. Please do not record any medical licenses signed by Robert H. Reddick, M.D., until you have telephoned this office (Lex. 9-5413).

Please notify me immediately if your records show that any licenses have been recorded since August 22, 1956, and not stricken from the record.

Very truly yours,

James H. Norris, Jr.
James H. Norris, Jr.,
Spec. Asst. Attorney General.

JHN:c

C. FERDINAND SYBERT
ATTORNEY GENERAL

NORMAN F. RAMSEY
DEPUTY ATTORNEY GENERAL

STATE OF MARYLAND
STATE LAW DEPARTMENT
10 LIGHT STREET
BALTIMORE 2, MD.

November 23, 1956

Mr. G. Merlin Snyder
Clerk of the Circuit Court
for Washington County
Hagerstown, Md.

Dear Mr. Snyder:

By my letter of August 22, 1956, I forwarded an opinion by the Honorable Joseph R. Byrnes of the Supreme Bench of Baltimore, together with a list of persons appearing to hold Homeopathic Medical Licenses, which licenses are in fact null, void and invalid. In Judge Byrnes' opinion, he stated that License Nos. 556, 559 and 560 had not been issued up to the date of the opinion (August 13th), (see findings of fact by Judge Byrnes, No. 3, copy of opinion enclosed herewith for your immediate reference) and that an injunction against Reddick would issue, thus prohibiting him from issuing any licenses. Subsequent to my letter, the Board of Medical Examiners of the State of Maryland, representing the Maryland State Homeopathic Medical Society has met and passed a resolution expressly declaring void those licenses purportedly issued by the rump board. A copy of this resolution is enclosed for your information.

In my opinion, each and every medical license issued by the rump board is null, void and invalid. These alleged licenses were never issued by any person having authority to act for a licensing body under the laws of the State of Maryland.

One or more of the invalid licenses have been presented for filing and recordation in your office under the provisions of Article 43, Section 127 of the Annotated Code of Maryland (1951 Ed.). The fact of such filing cannot and does not give legal validity to the void documents.

Under the laws of Maryland, and particularly the provisions of Article 43, Section 144 of the Code, in the event of revocation of any medical licenses issued by the Boards of Examiners of this State, the Board of Medical Examiners may "cause the name of any physician licensed by said Board to be removed from the register of the licensees of the city or county where it may be recorded", and you are authorized by law, after due notice from the Secretary-Treasurer of the Board, and without further proceedings, to strike: "the name of said party from the list of licensed practitioners recorded upon said register".

Mr. G. Merlin Snyder

-2-

November 23, 1956

Under the circumstances, and in view of the fact that a specific statutory technique is provided for ridding the register of names of persons improperly there recorded, without the need for court proceedings, we are of the opinion that the same procedure is appropriate to rid the register of those licensees who have by fraud and imposition sought to establish an unfounded claim of apparent right to medical licensure by presenting invalid certificates to your office for registration.

Accordingly, at the request of, and on behalf of the Secretary-Treasurer of the Board of Medical Examiners of the State of Maryland, representing the Maryland State Homeopathic Medical Society, and in my capacity as counsel to your office, I request that you promptly expunge from your records the alleged homeopathic medical license of the following named person there recorded:

This should be done by striking through the license or the name, as the case may be, on the register, and appending to it a note:

"This void license expunged after due notice from the Secretary-Treasurer of the Board of Medical Examiners of the State of Maryland, representing the Maryland State Homeopathic Medical Society, pursuant to direction of the Attorney General, and in accordance with law, this 6th day of ~~November~~ December, 1956."

I would suggest that you retain in your medical registry book a copy of this letter for the information of any interested person as to the legal basis for such cancellation of the registration. May I further suggest that you retain with your register of medical licenses our original letter of August 22, 1956, complete with the enclosures forwarded therewith?

Will you please advise me at such time as the suggested action heretofore outlined has been accomplished?

Needless to say, no Homeopathic Medical License signed by Robert H. Reddick should be recorded by you until you have contacted this office. If, by chance, there are on your register the names of other persons than the one named herein, then they also should be expunged.

Your cooperation in this very trying matter has been most helpful.

Very truly yours,

C. Ferdinand Sybert

C. Ferdinand Sybert
Attorney General

CFS:MH

(Recorded December 6, 1956)

EXCERPT FROM MINUTES OF A SPECIAL MEETING OF THE BOARD OF MEDICAL EXAMINERS OF THE STATE OF MARYLAND, REPRESENTING THE MARYLAND STATE HOMEOPATHIC MEDICAL SOCIETY, HELD ON AUGUST 28, 1956.

WHEREUPON, after thorough discussion, the following Resolution was, upon motion duly made by Dr. Follweiler and seconded by Dr. Simon, unanimously carried:

WHEREAS, examinations were allegedly given in the name of and on behalf of the Board of Medical Examiners of the State of Maryland, representing the Maryland State Homeopathic Medical Society, on December 12, 13 and 14, 1955, to a group of 23 alleged applicants, and on the days of June 25, 26 and 27, 1956 to 59 alleged applicants; and

WHEREAS, certain licenses have purportedly been issued as a result of such alleged examinations and by reciprocity on and after the date of March 9, 1956, by persons wholly unauthorized to act on behalf of the Board of Medical Examiners of the State of Maryland, representing the Maryland State Homeopathic Medical Society; and

WHEREAS, none of the alleged applicants for licensure, as

aforesaid, whether by examination or reciprocity, has been approved for licensure in accordance with the laws of Maryland by the Board of Medical Examiners of the State of Maryland, representing the Maryland State Homeopathic Medical Society since the 1st day of January, 1956, and the examinations allegedly given in December, 1955 and June 1956 by the alleged Board of Medical Examiners of the State of Maryland, representing the Maryland State Homeopathic Medical Society were not given in compliance with the laws of the State of Maryland for the purpose of qualifying persons for homeopathic medical licenses; and

WHEREAS, certain licenses are purported to have been issued bearing numbers 523 through and including 611, and allegedly issued in the name of the Board of Medical Examiners of the State of Maryland, representing the Maryland State Homeopathic Medical Society, which said alleged licenses appear on their face to be valid licenses of this Board, but, in fact, were issued by persons

(1)

wholly without authority to do so and were signed by alleged Presidents of the Board who were never valid Board members nor validly President of the Board, to wit: Simon Virkutis and Robert Dwight Brown; and

WHEREAS, after extended hearings before the Honorable Joseph R. Byrnes in the Circuit Court of Baltimore City, Judge Byrnes found, as an underlying fact sustaining the issuance of permanent injunction against continued action by any such alleged Board members, that licenses issued by them were invalid; now, therefore, be it

RESOLVED that the licenses issued to, or intended to be issued to, each and every person shown on the list of invalid licenses attached hereto and made a part hereof, be and they are hereby expressly declared void; * * *

Practitioners Of Medicine—Board Of Medical Examiners Representing
Maryland State Homeopathic Society—Injunction To Restrain
Activities Of Invalid Board.
BYRNES, J.—

In the course of the lengthy trial of these cases, the evidence disclosed a bold conspiracy, led by the defendant Reddick, to issue under color of legal right, licenses to practice medicine in the State to persons wholly unqualified to receive them. That such a scheme is fraught with peril to the public is appallingly obvious. Suffice it to say that the conspiracy has already resulted in the issuance of seventy-six such licenses to individuals whose qualifications to practice medicine are highly questionable, to say the least. Relying on the fact that these licenses carry what purports to be the imprimatur of the licensing authority of the State of Maryland, persons may seek the services of such licensees for the treatment of serious illness, with the likelihood of pathetically tragic consequences.

The roots of this situation lie in the division in the ranks of respectable practitioners of medicine which occurred in the latter part of the 19th century. The division was between those who followed the principle and practice of homeopathic medicine on the one hand, and allopathic medicine on the other. As a result, two separate and independent licensing boards were authorized by the Legislature to issue licenses to practice medicine in this State to qualified applicants. One such board, representing the allopathic point of view, was to be designated by the Medical and Chirurgical Faculty of the State of Maryland. The other, representing the homeopathic point of view, was to be designated by the Maryland State Homeopathic Medical Society. In the course of time, advances in medical science blunted the differences between the two groups, and the Medical and Chirurgical Faculty became dominant in point of numbers, while the Homeopathic Medical Society dwindled in size and activity. Upon the death in 1951 of Dr. John A. Evans, a distinguished physician who was both Secretary of, and a vital force in, the Homeopathic Society, the latter fell into a state of relative desuetude. There is no record of any meeting after one held on May 10, 1950, the last attended by Dr. Evans, until May 23, 1954, when the Society met for its 79th annual meeting. The defendant Reddick appears to have been one of the prime movers behind the calling of this meeting and, in the course of it, was elected as Secretary of the Society and as a member of its Board of Medical Examiners for the State of Maryland. According to the formal minutes of the meeting prepared by Reddick, Drs. Croissant, Follweiler, Harrison, Simon, Swartwout, Watson and Chepko were also elected to the Board for terms ranging from two years to five years, although the law directed that the Board members be elected for terms of four years. It is worthy of note that all of these men were physicians actually engaged in practice in the State of Maryland as required by the law.

The Board, in due course, scheduled examinations for qualified applicants for licensure on December 12-14th of 1955, inclusive. In the meantime, Reddick had shown an inordinate interest in establishing the qualifications of the graduates of two schools, Fremont College and Western Medical College,

for taking the examination. Although he was advised by competent authority that neither of these schools was accredited by any authoritative body, and that their graduates could not lawfully qualify for the examination, he proceeded, without the knowledge or consent of the other Board members, to give the December examination to twenty-three applicants, eleven from Fremont, seven from Western, and the remainder from other institutions of a similar stamp. None of the applicants seems to have been qualified, either as a matter of fact or under Maryland law, to take the examination.

Dr. Chepko, having become disturbed over Reddick's action, brought the matter to the attention of the Attorney-General of Maryland, and, subsequently, the defendant Reddick, acting on his own, purported, in reprisal, to remove Dr. Chepko as president of the Society and as a member of the Examining Board, although he was without any authority to do so. On the advice of the Attorney-General, Dr. Chepko refused to accept Reddick's action as valid. Still acting alone and without authority, Reddick then purported to make Dr. Simon Virkutis a member and president of the Board of Examiners, and got him to sign a large number of medical licenses in blank. It does not appear that Dr. Virkutis was aware of Reddick's intention with respect to these licenses, or of the illegality of his assuming to act as member and president of the Examining Board; nevertheless, the signing of the licenses in blank was an irresponsible act explainable only by the fact that Reddick was Dr. Virkutis' superior on the staff of the Eastern Shore State Hospital.

On March 15, 1956, Reddick, acting wholly on his own and without even calling a Board meeting, issued six licenses to practice medicine in this State, five of them to persons who had taken the December examination, and one to a person allegedly entitled on the basis of reciprocity with another State.

A meeting of the Board of Medical Examiners called by Dr. Chepko was held on April 4, 1956, and attended by Drs. Chepko, Watson, Follweiler, Simon and Swartwout. The last-named, who had previously tendered his resignation, did not vote. At this meeting, the Board purported to remove Reddick as its Secretary-Treasurer and to appoint Dr. Simon in his place. It also authorized the Attorney General to bring an action to compel Reddick to turn over the Board's books and records. Such an action was begun in the Circuit Court for Dorchester County on April 5, 1956, and a temporary injunction issued on April 6, 1956, was served upon Reddick the following day.

On April 8, 1956, there was held what purported to be the 81st annual meeting of the Society, apparently at the instigation of Reddick. Leaving aside for the moment the question of the validity of the meeting itself, there can be little doubt of the invalidity of its acts. The minutes show that 30 persons were present, but only five residents of Maryland attended in person, and two other such residents were present by proxy. All the others were non-residents. Every one of the applicants who took the December examination

was present in person or by proxy, and every motion at the meeting was made and seconded by one of such applicants.

At the meeting, the action of Reddick in expelling Dr. Chepko was ratified, Drs. Swartwout, Watson, Simon and Follweiler were expelled, and four new men elected to be Board of Medical Examiners in their places, namely Drs. Jiminez, Brown, Hughes and Virkutis. It is ironic that the very men, whose qualifications to take the December examination were challenged by the Doctors first mentioned, and who had been approved by Reddick and admitted to the Society by him, at this meeting voted to expel the Doctors who had disapproved their applications. Drs. Mozzar and Yuan were also elected to the Board for four year terms.

The 1927 reprint, or edition, of the Constitution and By-laws of the Maryland State Homeopathic Medical Society does not provide for attendance at meetings by proxy. The Constitution requires that officers, including members of the Board of Medical Examiners, be elected by a majority of the members present at each annual meeting, and it specifies that membership is open only to physicians who are licensed to practice medicine and reside in this State. The By-laws provide that seven members shall constitute a quorum at any meeting.

On May 31, 1956, during the course of the hearing in the action instituted by the Attorney General in Dorchester County, Reddick resigned as Secretary-Treasurer of the Board and of the Society, and as a member of the Board. In accordance with a stipulation entered in that case, a portion of the Board's records were delivered to Dr. Simon.

As a result of the events described, there were two boards of medical examiners each colorably assuming to represent the Maryland State Homeopathic Medical Society. The first board, recognized by the Attorney General, had its origin in the 79th annual meeting of the Society. As of June 4, 1956, its membership, after allowing for resignations, consisted of Drs. Simon, Follweiler, Harrison, Watson and Chepko. Its claim to be the legal board rests upon the invalidity of the actions of Reddick and the invalidity of the purported 81st meeting of the Society and the actions taken there. The second board, on the other hand, rests its claim upon the validity of that meeting. The Attorney General, however, contends it is a rump board, having no authority whatsoever. For convenience of reference, the first board will be referred to hereafter as Dr. Chepko's board, and the second as Dr. Reddick's board.

Dr. Chepko's board met on June 4, 1956, at which time it invalidated the December examinations and elected Dr. Simon to fill Reddick's term as Secretary-Treasurer.

On June 2, 1956, according to Reddick, a special meeting of the Society was purportedly held although notice was not given to the membership as required by the By-laws above-mentioned. This so-called meeting was attended by six persons, including Reddick, and only he of the group was a resident of Maryland. It purported to reinstate Reddick as Secretary-Treasurer of the Society and to reelect him to the Board of Medical Examiners. Thereafter, on June 5th, again according to Reddick, Reddick's board met and elected him as Secretary-Treasurer. There is no credible evidence that a meeting in the true sense of the word actually took place on June 5th; the most that can be said is that several members of the Reddick board were in communication with each other by telephone. Dr. Virkutis testified that on this same day he notified Reddick that he was disassociating himself from all connection with this board, and on July 14th, he wrote Reddick confirming this after finding out that his name was still being used by Reddick.

In the meantime, on April 6, 1956, Reddick had issued three licenses to applicants who had taken the December examination. On June 11, 1956, he issued licenses to fifteen more such applicants, and one to an applicant on the basis of reciprocity. All of these licenses bore Dr. Virkutis' name as president of the board and, presumably were part of the batch previously mentioned as having been signed in blank by him and turned over to Reddick.

On June 25, 1956, Reddick, acting for and on behalf of his board, proceeded to hold examinations for applicants to practice medicine in the State of Maryland. There were fifty-nine such applicants taking the examination and not a single one of them seems to have been qualified, on the basis of his application, to take such an examination under the laws of this State. All of them were non-residents of Maryland, and virtually all of them had presumably attended schools which were not accredited as required by Maryland law, and many were engaged in practice as naturopaths or drugless practitioners. The two schools from which the bulk of the applicants received their "medical" training were Fremont College and Western Medical College. The presidents of these schools, Hough and Hosford, were among those who took the December examination and were issued licenses by Reddick on June 11, 1956. When knowledge of the holding of the examination reached the Attorney General on June 26, 1956, he immediately filed a suit for declaratory judgment and injunction against Reddick's board (Docket No. A-35912) to enjoin it from acting as the Board of Medical Examiners representing the Society, and conducting examinations as such and issuing licenses. Companion suit against those purporting to act as officers of the Society was filed June 28, 1956, seeking similar relief. Preliminary restraining orders issued by Judge Oppenheimer in each suit were served on Reddick on June 29, 1956, at about 11 o'clock A. M.

According to Reddick, however, prior to that time the examination papers or booklets had been marked and graded, and the successful candidates certified to by him on the afternoon of June 28, 1956. The actual holding of the examination and the marking and certifying were done by Dewey Cardillo, Harry Royson and Joseph E. Palmer, all of whom reside outside of Maryland, and each of whom had taken the December examination and had been licensed by Reddick thereafter. Cardillo also was purporting to act as executive vice-president of the Society. Reddick claims he issued fifty licenses to those applicants who had been certified to him as above described before he was served with the restraining order. He admits that he did not even hold a meeting of the Reddick board before issuing the licenses, but claims he first consulted with Dr. Robert H. Brown, a member of the Board. At least four of the licenses were dated July 2, 1956, which is subsequent to the time the restraining order was served upon him.

This Court makes the following findings of fact:

1) The examinations given by Reddick on December 12, 13 and 14, 1955, were never authorized as to those applicants who took the examination;

2) The examination papers of those applicants who took the December 12-14 examination were never marked, graded or passed upon by the Board of Medical Examiners of the Maryland State Homeopathic Medical Society;

3) License Nos. 523 through 557, inclusive, and 561 through 611, inclusive, were issued without proper authorization of the Board of Medical Examiners of the Maryland State Homeopathic Medical Society. License Nos. 558, 559 and 560 have never been issued.

4) At the purported meeting of the Maryland State Homeopathic Medical Society, held on April 8, 1956, only five members who were

residents of Maryland attended in person, and two other such residents attended by proxy;

5) The Constitution and By-laws of the Maryland State Homeopathic Medical Society in force and effect on May 23, 1954, and at all times since that date to the date of the hearings in these cases were as set forth in the printed booklet attached to the minute book, bearing on its cover the year 1927, and introduced in evidence.

6) The Constitution and By-laws offered in evidence and claimed by Reddick to be the true constitution and by-laws of the Society is a palpably fraudulent document;

7) The testimony of Reddick is unworthy of belief in general, and is worthy of belief only when it consisted of admissions against his interest or was corroborated by other credible evidence.

8) Reddick resigned from the Board of Medical Examiners of the Maryland State Homeopathic Society and as Secretary-Treasurer of the Society itself on May 31, 1956, and has never been reelected to either office;

9) Notice was not given to the members of the Society for supposed special meeting held on June 2, 1956, as required by the valid By-laws of the Society; and

10) The examinations given by Reddick on June 25, 26 and 27, 1956, were never authorized, nor were the examination papers marked, graded or passed upon by the Board of Medical Examiners of the Maryland State Homeopathic Medical Society.

This Court makes the following conclusions of law:

1) The State of Maryland upon the relation of the Attorney General is a proper party plaintiff in these suits, and the Attorney General had authority under the law to institute them;

2) The necessary parties to these suits have been joined. There are individuals whose rights are indirectly affected by the suit, such as those who have been issued licenses by Reddick. However, their rights are not foreclosed by any adjudication of this Court. The members of the Board alleged by the Attorney General to be the true Board of Examiners are not necessary parties, as this Court is to take action only against Reddick's board;

3) All action taken at the purported meetings of the Maryland State Homeopathic Medical Society held April 8, 1956, and June 2, 1956, was without legal effect so far as the Board of Medical Examiners is concerned;

4) Reddick's attempted removal of Dr. Chepko as President of the Board of Medical Examiners was without legal effect;

5) The Board of Medical Examiners, at the time of the institution of these suits, consisted of Drs. Simon, Follweiler, Harrison, Watson and Chepko.

In accordance with its findings of facts and conclusions of law, this Court is prepared to sign decrees to enjoin permanently the defendants, as requested in the prayers for relief. The Attorney General is requested to submit forms of decrees in accordance with this opinion. As this Court is greatly disturbed over the fact that by reason of the acts of Reddick, a large number of obviously unqualified persons have seemingly been licensed to practice medicine in this State, it is suggested that the Attorney General take whatever legal steps may be necessary to have their alleged licenses expunged from the public records and declared void.

Finally, it appearing to the Court that Reddick may have acted in contempt of its process, in particular, the restraining orders of June 26, 1956, and June 27, 1956, by issuing licenses after such orders were served upon him, the Attorney General is directed to prepare and submit to the Court an order requiring defendant Reddick to show-cause why he should not be cited for contempt.

(Reprint from THE DAILY RECORD, Baltimore, Md., August 14, 1956.)

Received for Record Dec. 31, 1956 at 3:40 P. M.

The Board of Medical Examiners of the State of Maryland

To all whom it may concern, Greeting:

Be it known that JOHN WILSON, M.D.
on the 11th day of JULY 1955, A. D., having offered
us satisfactory proof that he was more than twenty-one years of age, and
had received a proper preliminary education, we therefore gave a written order
for the examination of said JOHN WILSON, M.D.
before one of the boards of medical examiners of the State of Maryland;
that the said JOHN WILSON, M.D.
was fully examined before our said board and found proficient and qualified
to practice Medicine and Surgery; we, therefore, have granted to said
JOHN WILSON, M.D. this our license to practice
Medicine and Surgery in the State of Maryland as a Physician and
Surgeon, and have caused the names of the President and Secretary of our
Board to be subscribed and the Seal of our Society affixed hereto.

BY RECIPROCITY

CERTIFICATE NO. 518

Witness our hands and the Seal of our said Society,

this 11th day of JULY 1955, A. D.

Julius Chepko, M.D. President
Robert H. Reddick, M.D. Secretary

Removed name from register of Physicians this 25th day of April, 1958.
By letter of authorization from Board of Medical Examiners, see page No. 36.

G. Merlin Snyder
Clerk

Board of Medical Examiners
of Maryland
1215 Cathedral Street
Baltimore-1, Maryland.

April 21, 1958

Clerk of the Circuit Court
of Washington County
Court House
Hagerstown, Maryland

Dear Sir:

On February 14, 1958, this Board revoked the license to practice medicine in this State previously issued to John Wilson by the Board of Medical Examiners of Maryland (Homeopathic). Receipt of the revocation order dated February 18, 1958, has been received by this office.

The sixty days from delivery of notice of revocation within which appeal to the Circuit Court might be made has elapsed. If Dr. Wilson was registered in your Court will you please remove his name from the register of physicians.

We shall appreciate a notice of the fact that this action has been taken care of by the Circuit Court.

Very truly yours,

Frank K. Morris

OF THE STATE OF MARYLAND

To all whom it may concern, greeting:

We it knowm, that George Melic on the 19th
day of June, 1964 A.D., having offered us satisfactory proof that he was
more than twenty-one years of age, and had received a proper preliminary education; we
therefore gave a written order for the examination of said George Melic
before the Board of Medical Examiners of the State of Maryland; that the said
George Melic was fully examined before our said Board
and found proficient and qualified to practice Medicine and Surgery; we
therefore have granted to said George Melic this our license to
practice Medicine and Surgery in the State of Maryland as a physician
and surgeon, and have caused the names of the president and secretary of
our Board to be subscribed and the seal of our society affixed hereto.

Witness our hands and the Seal of our said Faculty.

this 28th day of July, 1964 A.D.
